

## **Power of Vision Testimonial Ruggs Benedict (Avon, CO)**

Ruggs Benedict actively trains vision. They offer the Power Series Mindfulness and Meditation classes to their entire team and the results are undeniable. A recent Facebook post from February 2021, illustrates a wonderful example of what is possible when a company culture is alive:

A satisfied customer simply posted in the Eagle County Classifieds his appreciation for the service and experience he had while receiving new flooring through Ruggs Benedict. The social media post received 521 positive reactions, 56 raving comments and not one person out of thousands of members on Eagle County Classifieds had anything even slightly negative to say. Some of the comments included “talented, thoughtful crew who were cheerful and a delight to have in our home,” “pride in workmanship was amazing” and “a pleasure to work with from start to finish.” One customer perfectly summarized the heartfelt response received by the post by saying, “I can’t remember the last time I’ve seen this kind of organic, true customer satisfaction and appreciation about a business.”

This is what happens when vision is incorporated at all levels of a business – the passion of the team breathes life into the vision!
